South Australian Libraries
Children's & Youth Services

What has SALCYS been up to?

- **November 2012: SALCYS Strategic Planning Meeting with Kristina Peters, KPPM Strategists.**

(Training & development session coordinated by Veronica Matthews, with support from Lynn Spurling, and PLSA.) The outcome of this meeting/training session was that the group together created a broad strategic framework for the direction and goals for SALCYS 2012-14.

VISION
Do we need one?
Do we know where we want to be?

MISSION
OK, so what is it we want to achieve?
Start with the statement, SALCYS is here to

SALCYS Strategic Plan

Author: Kristine Peters, Director KPPM Strategists

Strategic Plan for SALCYS

Benefits for us as a network group:

- Provides a clear shared vision and understanding of our direction, goals and objectives
- We can think more strategically about how we communicate, work together and share resources & ideas across the state
- We can measure how the group is tracking and achieving our goals
- We can more effectively find solutions to problems and issues as a network
 - With a strategic plan we have more power within the network to achieve outcomes, gain resources, and/or influence decision making in our specialist area within Public Libraries SA.

Further shaping of the plan

December 2012: SALCYS Sub-group Meeting

Sub group: Stephanie Sampson(TTG), Kathy Bloem (Playford), Deb Hall (Norwood), Michelle Glasson (Salisbury), Sascha Hutchinson (Unley), Natalie Shallow (Salisbury), Naomi Le Poidevin-Racic(Salisbury) & Veronica Matthews (PLS Rep).

A smaller group of above SALCYS members met and worked further on the SALCYS Strategic Plan to work it into a clear format to present to the wider group at our March 2013 meeting.

South Australian Libraries Child and Youth Services (SALCYS)

STRATEGIC PLAN 2012 -2014

Mission: To share ideas and resources that improve service delivery and raise the profile of children's and youth services in the SA Public Library Network.

Vision: Sharing knowledge and gaining expertise to provide the best service and outcomes for children and youth in our libraries and communities.

Share

SALCYS members given the opportunity to share within meetings. information shared at meetings is widely distributed within the SA Public Library network

Educate

Ensure SALCYS members given opportunities to strengthen knowledge and confidence

Achieve

Create opportunities for State-wide SALCYS events and services
And as a result raise the profile of SALCYS within the SA Public Library Network

Inspire

Maintain a culture that encourages new ideas, invoking action and allowing change.

As a group we developed actions for SALCYS for each of the following:

Communication

Doing and learning together

Achieve

Implement new ideas/networking for better partnerships

What's happening now?

Since the group's endorsement of the strategic plan in March 2013, these are actions which have been delivered on:

Share

Communication

Better communication and ways to share information between meetings was an area highlighted by the group for improvement.

ACTIONS:

- **Improved online communication:** A closed SALCYS Facebook Page has been created. This has 46 current members and provides another avenue for regularly sharing ideas/resources between meetings.
- **Improved access to country SALCYS members:** Meetings have now been scheduled at places with video conferencing or Skype facilities (LGA, PLSA)
- **Hub groups:** Some progress has also been made in establishing hubs for libraries in close proximity to work better together. Southern Hub already working well, Kathy Bloem has set up a Western Hub.

Group identity

- SALCYS to have it's own logo to be clearly identified as a network group within PLSA. This has been actioned on and Jon Bentick has kindly delivered!

Educate

Share resources and knowledge

- SALCYS is looking at better ways of sharing Early Literacy Kit resources across the state between libraries. At our May meeting Playford shared how they developed/utilise their LAPSIT resources.
- November 2013: Sharing resources more strategically: Stig Wemyss – visiting performer. Libraries are jointly sharing the interstate travel costs for this.

What's to come?

Inspire

- **Dad's Read (SA literacy program/awareness campaign)** SALCYS to actively support and participate in, across the state. An advisory group to include SALCYS members, is involved in the planning for the SA program.
- **Graphic Novels - October School Holiday Program.** Planning for a shared school holiday program with a focus on graphic novel creation for libraries across the state.
- **Gift of Reading** (originally a Playford initiative in 2012 – Now looking at how SALCYS can impact on our communities further by extending this to be a state based initiative in 2013).
- **Youth Week 2014** also being considered by the group as a 'shared/united program' for libraries across the state to create a better impact/more united in approach. (Linking with outdoor local environments, geocaching, photography).
- **SALCYS bus tour for 2014** is also in the planning, with a specific SALCYS focus planned at each location.
- **Online Storytime** – For our November meeting we will be looking into ways as a group we can create and deliver online content as a SALCYS network and share with the public as part of building a library of 'online story-reading' footage from each library.
