Introduction Slide – The Countdown!

To set up Family Feud we:

- Downloaded the free Family Feud PowerPoint from <http://www.youthdownloads.com/games/family-fued-powerpoint> This version comes with a tutorial to teach you how to edit...etc
- On each of the iPads we downloaded the participant buzzers. They are on the app store. Search for the ultimate buzzer (free version). We then selected and set up different sounds for each buzzer
- The host buzzer (on Leisel's iPhone) was also downloaded from the App store as a 'host mode' buzzer for \$1.49.
